

Seminario ARERA

«Monitoraggio della
performance di
comunicazione tra misuratori
di seconda generazione e
dispositivi di utenza - Chain 2»

Stefano D'Elia

Vodafone Italia

Milano, 22 maggio 2019

Narrow Band IoT per lo smart metering

NB IoT su tutto il territorio nazionale da settembre 2018

NB-IoT come tecnologia che anticipa il 5G

NB-IoT and LTE-M technologies:

- Are an integral part of 5G
- Will continue to serve LPWA 5G use cases
- Will coexist alongside other components of 5G which meet the other various 5G use cases
