Waste: ARERA meets a delegation from the Government of Uganda

Rome, 2 November 2026 – Today, at the offices of ARERA (the Italian Regulatory Authority for Energy, Networks and Environment) in Rome, Board member Alessandro Bratti, accompanied by representatives from the Authority's offices, met a delegation of senior officials from the Ugandan Government. Also present were the Ministry of the Environment and Energy Security (MASE) and the United Nations Development Programme (UNDP).

The visit was arranged as part of the cooperation project between the two countries on waste management, promoted by the Ministry under the Mattei Plan. The Ugandan Government is, in fact, developing a new national policy for the sector that revolves around the circular economy.

ARERA presented the Italian model for urban waste tariff regulation, focusing on the economic and financial sustainability of the service with a view to providing useful elements for the process of reforming the sector in Uganda, in line with the objectives of bilateral cooperation.
