

REMIT: Registration of market participants pursuant to REMIT Regulation

5 August 2026

Registration of market participants pursuant to REMIT Regulation

Regulation (EU) 1227/2011 on wholesale energy market integrity and transparency (hereafter: “REMIT”) provides – pursuant to Article 9 - that market participants entering into transactions which are required to be reported to the Agency for the cooperation of energy regulators (hereafter: ACER) according to REMIT Article 8.1 shall register with the national regulatory authority in the Member State in which they are established or resident.

For this purpose, as well known, with the Resolution 86/2015/E/COM ARERA implemented the National REMIT Register embedded within the Operators Registry (*Anagrafica operatori*), connected via interface with the CEREMP system (Centralized European Register of Energy Market participants) managed by ACER. National regulatory authorities shall transmit the information in their national registers to the ACER that shall establish a European register of market participants (hereafter: CEREMP)

With the Resolution 288/2026/E/COM, ARERA has decided to migrate the National REMIT Register to the CEREMP system, providing indication on the migration process.

Market participants subject to the registration obligation laid down in REMIT Article 9 are kindly requested to review the above Resolution at the following [link](#).
